TERMS AND CONDITIONS

Usage

This limited warranty is based on reasonable indoor and outdoor usage in architectural applications for image identification. Normal operating conditions are defined as 24 hours per day, 7 days per week continuous use in typical outdoor heat and humidity environmental conditions. All LED systems, to varying degrees, have some amount of light degradation over the life of the product. This limited warranty is valid only when the LED products and Power Supplies are used together for their intended use and properly installed and wired in accordance with all instructions, building codes, National Electric Code, and all other domestic and international safety agencies that are recognized as having applicable safety requirements.

Any use outside intended use or conditions or the conditions stated in ACER Illumination's written data sheets/instructions, or stated herein, including the use of third party dimming, flashing, or other effect devices, extreme environmental conditions or any other unintended usage will void this warranty.

Warranty Claim Assistance

Should an ACER Illumination product fail under this warranty please contact ACER Illumination for replacement. Should circumstances arise that preclude the remedying of warranted defects by product repair or replacement, ACER Illumination shall, at its discretion and upon receipt and verification of defective product, refund to the buyer the purchase price or portion of purchase price theretofore paid to ACER Illumination.

Limitation of Liability

UNDER NO CIRCUMSTANCES SHALL ACER ILLUMINATION BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL LOSS OR DAMAGE WHATSOEVER ARISING OUT OF, OR IN ANY WAY RELATED TO ANY DEFECT IN OR NON PERFORMANCE OF THE PRODUCTS. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED. Furthermore, ACER Illumination shall not be responsible for any other costs, including installation or field support labor or loss of profits, income or revenue. ACER Illumination shall not be responsible for minimum illumination levels or other performance criteria. ACER Illumination reserves the right to test and examine all products returned under this warranty to evaluate proper usage, determine the cause of failure, and make a determination, in its sole judgment whether the products are defective and covered by this warranty.
